

## FIGHT IS CERTAIN ON ARMOR PLANT

Daniels' Proposal for a U. S. Establishment Meets Divided Forces in Congress.

The fight in the regular session of Congress over the question of the Government manufacturing various parts of its military and naval equipment which are now made privately, promises to become animated.

Secretary Daniels is using a Government armor plate factory and this movement has made much headway in Congress. Senator Ashurst, who is working for a Government armor plate establishment, is convinced the prospects for legislation are good.

Moreover, the bill which was introduced some weeks ago by Congressman Tamm of Illinois is attracting much notice. This bill proposes to have the Government manufacture its own shells and ammunition for the use of the fleet artillery and small arms. Mr. Tamm wants this manufacture at the Rock Island Arsenal instead of allowing private manufacturers to get the fat contracts they have for many years enjoyed.

The Tamm bill comprehends a change in policy involving many millions of dollars. And there is no question that a sharp struggle will be aroused over it. Last Congress, Congressman Good tried to get the business of making powder out of the hands of the trusts and into the hands of the Government.

Showing Large Saving. He was successful in showing that large economies could be effected by Government manufacture on a much larger scale than it is now carried on. But in both House and Senate, or reasons not on the surface, he encountered stubborn opposition.

Now, Mr. Tamm, who is a Democrat, is encountering like opposition. He is obtaining a mass of data showing how much more cheaply the Government could manufacture shells and ammunition. The amount of money to be expended in the near future for supplies of this sort is great. On \$3,000,000 worth which will have to be utilized by the Government soon, there will be a saving of about \$1,000,000, according to Mr. Tamm's figures.

He has other data as to the economy of Government manufacture which is equally striking.

Crosier Opposes Plan. But when it comes to getting action, that is another matter. General Crosier, chief of ordnance, is opposed to the Government manufacturing its shells and ammunition on the theory that in time of war the Government would be able to call on private establishments of large resources. This argument is used by a number of members of the House Appropriations Committee and the Senate committee.

Mr. Tamm is seeking to get a hearing before the subcommittee of the House Appropriations Committee, which has jurisdiction of the question. Chairman Fitzgerald, of the committee, heads it.

Thus far he has not been able to get one. However, he has, he says, just begun his campaign to bring about Government manufacture of ammunition and shells.

## City News Notes

Fire early today did \$100 damage to a lunch room at 152 Seventh street northwest. The cause of the blaze was not determined.

Ethel Parnell, colored, twenty-three years old, attempted suicide this morning by shooting herself in the head with a .38 Smith & Wesson revolver. She was taken to the Emergency Hospital, where it was said she would probably die.

Mary E. Jefferson is \$5 poorer, but the man who got the five must spend four months in the Washington jail. The man is James Johnson, and this morning before Judge Pugh in the United States branch of the Police Court he acknowledged going to Mary and obtaining the five, with which, he said, he was to get Mary's husband out of jail.

The second annual dance of the Young People's Socialist League will be given tonight in Pythian Temple, 1012 Ninth street northwest. The proceeds will go to a fund for the League to further the cause in the study of socialism, which the league members, under the direction of Miss Jeanette Gerhanick, organizer, will take up this winter. The dance will begin at 8:30.

The first business meeting of the season will be held by the Engineer's Association at 8:30.

## Hostess At Dance Recital

MISS JESSIE HERRIOTT, Whose Performance of New Dances Charmed Leading Matrons of Washington Society.

Don't stay stuffed up! Quit blowing and sneezing. Ease your throbbing head—nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only 25 cents at any drug store. It acts without any nausea, tastes nice and causes no inconvenience. Accept no substitutes. Advt.

## SOCIETY MATRONS SEE NEW DANCES

Hesitation Waltz Appeals to Gathering as Danced at Herriott Recital.

Washington society yesterday witnessed a demonstration of the "hesitation waltz," at the recital of new dances given by Miss Jessie Herriott in the small ball room of the New Willard. The name well describes the "hesitation waltz"—it is a couple of dreamy steps and then a bit of hesitation repeated numerous times.

The tango, as danced by Miss Herriott and her partner, Bruce Cleveland, fascinated the gathering, and applause brought out a further demonstration of the general grace of the dance. Miss Herriott also danced an esthetic solo dance, a Spanish solo dance, and an interpretative solo dance, interpreting a poem, "Autumn." Miss Herriott is to open a dancing studio on Connecticut avenue soon.

To add to the charm of the afternoon Mrs. E. Clyde Slade gave Gounod's "Spring" and Meyerbeer's "Cavatina" and the Thompson sang "O, Rose That Lay Upon Her Breast."

The patronesses of the recital were Mrs. David P. Houston, Mrs. John H. Rankin, Mrs. Champ Clark, Mrs. William Allen Cullen, Mrs. Charles D. Carter, Mrs. George M. Sternberg, Mrs. R. A. Schofield, Mrs. Urban F. Holmes, Mrs. John W. Timmons, Mrs. C. M. Stone, Mrs. Harvey W. Wiley, Mrs. Charles P. Grandfield, Mrs. J. J. Richardson, Mrs. Christian D. Holmick, Mrs. Norman Underwood, Mrs. John Paul Jones, Mrs. Arthur Graves Lund, Mrs. Charles Alden, Mrs. Ruth-erford, and Miss Janet Richards.

Cleveland Car Line Fight Is Described

A review of the nine years' struggle on the part of Cleveland, led by the late Tom Johnson, to obtain the ownership of its street car lines will be given at the Ingram Memorial Church, Tenth street and Massachusetts avenue northeast, tomorrow night by Congressman Robert Crozier, of Cleveland.

The Congressman will speak under the auspices of the Study Club in Economics, and the subject will be "Why the People Should Own the Street Car Systems." A discussion will follow the address.

## CITY GIVES FREE GAS TO BAZAAR

Alexandria Councilmen Vote to Help in Raising Fund for Hospital—Tablet on City Hall to Commemorate Washington and Tell City's Story.

WASHINGTON TIMES BUREAU, ALEXANDRIA, VA., OCT. 15. A memorial tablet, commemorating various events in the life of George Washington and the founding of the city of Alexandria, will be placed upon the Cameron street side of the City Hall by the Colonial Dames of Alexandria, permission having been given for the erection of the tablet by the city council at its meeting last night.

A petition for permission to erect the tablet was presented by a committee composed of Miss Rose M. MacDonald, Miss William J. Boothe, and Mrs. Thomas W. Robinson. The tablet will be of bronze, a design having already been prepared. The committee will decide its location.

A large part of the time of council was taken up by the discussion of a request from the committee having in charge the bazaar to be given next week for the benefit of the Alexandria Hospital, for free gas and the donation of a gas stove. The councilmen were unanimous in their grant of the request. The councilmen also set a precedent in which would be hard to over come in the future. The lower board finally decided in the action of the aldermen in granting the use of the gas.

The lower board also concurred in a resolution authorizing the borrowing of \$50,000 to pay the current expenses of the city until the end of the fiscal year. The police commissioners asked for a hearing before the committee on fire and police on the question of a fire and police alarm system.

A number of petitions for street improvements were referred to the street committee. The committee will report on the petitions for the widening of the sidewalks on the north side of Princess street between St. Asaph and Pitt streets.

Notice was given that at the next meeting of council a joint session would be asked for to elect a police commissioner from the second ward.

In the police court this morning G. W. Smallwood, the driver for Armore & Company, who ran down little Elizabeth Boothe, on Monday afternoon, was fined \$10 by Justice Caton for violation of the traffic ordinance.

He was represented by Conrad Sime and Judge C. E. Nicol. The evidence of the witnesses, as well as of the driver himself, was to the effect that the wagon was on the wrong side of the street when the child was struck. The child was somewhat injured today, but the extent of her injuries will not be definitely known until tomorrow.

An exchange of words between Joseph Thompson, a young white man, and Mary Long, who had him arrested, in police court this morning brought a fine of \$5 on Thompson in addition to a fine of \$10 imposed by the court for his action in striking the woman last night. The testimony showed that she had contributed to the trouble by throwing beer bottles at the man, and she was also fined \$5.

The annual banquet and reunion of the alumnae of St. Mary's Academy will be held tonight at that institution at 8 o'clock. Previous to the banquet, Miss Gertrude Spitzer, teacher at the academy, will give a dramatic recital assisted by the pupils of St. Mary's.

The fire department was called out this morning at 10 o'clock by a blaze on South Patrick street caused by the explosion of a gasoline stove. The damage was slight.

Funeral services for Mrs. Bridget Dunn, who died Monday afternoon, will be held tomorrow morning at 9:30 o'clock at St. Mary's Catholic Church.

## EPIGRAMS FEATURE ADDRESS TO WOMEN

The Rev. Dr. Van Schaick Talks to Alliance of Jewish Women in Temple.

To be a good citizen perfect intelligence is not required, but active intelligence is. No principle will work itself; no signpost will make the journey. These and numerous other epigrams featured the address given yesterday by the Rev. Dr. John J. Van Schaick, pastor of the Church of Our Father, before the Washington Alliance of Jewish Women in the Eighth Street Temple.

"The Good Citizen" was Dr. Van Schaick's subject, and he defined such an individual as "one who has an active and reasonably intelligent interest in the affairs of the community in which he or she lives." He criticized the citizen who failed to show this interest, saying: "We, in the District suffer from political nearsightedness. There are some of our Senators and members of the House—not all—who can see only the needs of their respective district and constituents. These men are provincial, and because of their interest in their home provinces cannot see the needs of the Nation's Capital."

A cabaret show and supper to raise funds for the Alliance House is to be given by the women, and the following meetings were announced by Mrs. Adolph Kahn, the president of the alliance.

November 11, addresses by Mrs. S. B. Pack and William Knowles Cooper; November 18, address by Miss Henrietta Seidel; December 8, address by Dr. Israel Schapiro; January 15, addresses by Senator L. J. Sherman and Mrs. Alexander Wolf; February 19, address by Representative Julius Kahn; March 10, addresses by Senator John D. Works, Mrs. Jennie O. Berliner, and the Rev. Abraham Simon.

Congress at Madrid.

MADRID, Oct. 15.—The Ninth International Congress and Exhibition of Hydrology, Climatology, and Geology, which was formally opened here today, has attracted to Madrid a notable gathering of scientists and engineers from many countries. The United States is officially represented at the congress by Marshall C. Leighton and John C. Stevens, of the United States Geological Survey.

Stuart's Dyspepsia Tablets go into the mouth like food, are eaten, then dissolved and fluidized by the saliva. This mass then goes into the stomach and there quickly readjusts the stomach juices so that in a short time food is not offensive and man's appetite comes speedily back to him, and he is hungry in a healthy, normal way.

By all means use a Stuart's Dyspepsia Tablet the very moment you feel a loss of hunger, a quick return of appetite to you will convince you quickly that your stomach has been out of order and that Stuart's Dyspepsia Tablets were the means of restoring its normally healthy condition.

Every druggist carries Stuart's Dyspepsia Tablets and no matter where you may be you can always obtain a box anywhere for 50 cents—Advt.

## Appetite Ho! Ho! 'Tis a Great Joy

Stuart's Dyspepsia Tablets are the Best Appetite Makers Dyspeptics and Stomach Sufferers Can Use.

Appetite is very largely a series of signals from the stomach. When one has a rousing appetite at the sight or smell of food the stomach through its connection with the mind of man is asked whether the food seen or smelled would be welcome.

The stomach if healthy says yes and at once our mouths water and we are hungry from desire—keenly, ravenously hungry. If the stomach be sick then we have no appetite and are actually nauseated.

Walter—How's your appetite today, sir?  
Georgette—Really good. Stuart's Dyspepsia Tablets make me eat like a horse.

Appetite makes the glands of the mouth open and saliva flows very freely—hence the term "Mouth Water." This is the first digestive juice. It has an important office to perform as all starved foods are partially digested by it because one of its ingredients, ptyalin is almost an instant digestive of starch. This process reduces the starch in foods to sugar.

The appetite causing a free flow of saliva aids the stomach by its ability to mix the food eaten with mouth juices which enables it to more readily do its work.
